DETAILED ACTION

Claim Rejections - 35 USC § 102

The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

Claims 1, 2, 8-11 are rejected under 35 U.S.C. 102(b) as being clearly anticipated by U.S. Patent No. 5,919,257 to Trostle.

As per claims 1, 9-11, Trostle discloses taking a base action....., updating an action counter....., comparing the value, updating an action variable....., col. 6, lines 29-42). Trostle further discloses checking a validity condition and invoking a provision (col. 6, lines 43-52).

As per claims 2, 8, Trostle discloses where the provision changes an element of a base intrusion set (col. 6, lines 29-30).

Allowable Subject Matter

Claims 12-22 are allowed.

Claims 3-7 are objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.
